

## Axle Tech Part

Axle Tech Parts - The business of AxleTech International is a big supplier of specialty vehicle drive-train systems and components together with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to exceed and meet their customers' expectations for delivery, quality, service and technology. They believe in working within an environment which supports the utmost integrity with empowered collaboration, combined with a unyielding pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively applying principals of environmental safety and stewardship in how they do business. The company has put different programs in place in order to articulate these values within their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with any questions or comments, because they are glad to promote and share this policy with a greater knowledge of their efforts. They are extremely devoted to preserving and improving the natural world. AxleTech has an EHS program which not only protects the natural environment but which even actively protects their employees and neighbors also.

AxleTech specializes in the designing and manufacture of planetary axles meant for both commercial and military applications, that can consist of anything from airport ground support to construction equipment. They take great pride in being a ground-breaking drive-train solutions provider also. AxleTech particularly designs axles in order to meet specific application demands. They have over 1000 different axle specs within their current offering. With over one hundred years of skill and history, AxleTech proudly supplies the most complete solution for whatever of your axle requirements. The company is well known in several commercial and military applications. They provide complete axle assemblies utilized for aftermarket replacement needs, along with servicing axle needs for OE production. Their high mobility ISAS have further details which could be found in the "ISAS" product selection.
