

Advance-Nilfisk Part

Advance-Nilfisk Parts - Imagine how tedious it would really be to tidy up your home right after having a big party, with no assistance from cleaning machines. Before, the time carpets and upholstery had the dust beat out of them by hand; brushes, brooms and cleaning cloths were the best cleaning materials of that time.

P.A. Fisker, the man who established Nilfisk-Advance, was actually an electrical engineer who really loved working with electrical motors. Starting the business in the year 1906, he began to produce motors to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's vision from the start was to own a worldwide company selling merchandise globally.

The Nilfisk C1 was a tremendous breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by a single person. This creation came in a time where other cleaning equipment were massive and required 4 or more operators, thus, the Nilfisk C1 transformed everything and developed the manner we clean forever. The mastermind behind these first cleaning machines remains unparalleled. Cleaning machines provide a brilliant solution to an existing crisis; things get dirty and should be cleaned regularly, without a lot of effort.

Gradually but progressively, Nilfisk-Advance expanded throughout the decades. During the 1980s, this development really took place when the business became a part of the NKT Group. Their new owners' drive and focus made Nilfisk-Advance take a huge leap forward within the trade, aspiring to be one of the largest universal players in the market of professional cleaning machines. Nilfisk-Advance is presently represented in all parts of the globe by steadily obtaining a lot of smaller companies so as to expand their product range and presence in new markets. They are proud to present a variety of cleaning solutions to fit each and every requirement.
